

2005 Bulk Trash Map

How to Read the Bulk Trash Map

1. Locate the area of your home on the map.
2. Note the day of the month for your bulk trash pickup.

For example: If you live in the area bounded by W. Sunrise Blvd., W. Broward Boulevard, N.W. 24 Avenue and Progresso Drive, your bulk trash pickup day would be the 3rd Monday of every month.

- ✓ Place bulk trash at your curb or swale by 7 a.m. on your pickup day, but no earlier than 24 hours in advance of a scheduled pickup. Items must be in a pile 10 cubic yards or less.
- ✓ Bulk trash items placed at the curb more than 24 hours in advance or remaining on your curb or swale more than 24 hours after your scheduled pickup, could result in a City citation.
- ✓ Yard waste and clean wood must be separated from household items for special handling and recycling.
- ✓ Separate items containing glass such as mirrors, doors, windows, etc. from the main bulk pile for safe handling.
- ✓ Place trash in an accessible area away from parked cars, fences, trees, power lines and other obstacles so large equipment may access the items.
- ✓ All discarded items must come from your property. Combining trash piles with a neighbor is not acceptable. The maximum limit per address is 10 cubic yards. No imported trash is accepted.
